Subject: Overview Oiling Survey Assessment Addendum to "Fingerprinting Sampling and Analysis Plan"

Mike,

Just to follow up from our conversation this morning, the only concern we (the Captain and I) have with the sampling plan that is taking place 8-11 July is that we specify only 1 sample per division.-The areas are all-ready signed off. The intent of this survey is to provide insight and inform the public to the origin of oil washing up on the beaches.

r/

Paul
